## MASSACHUSETTS

Select Board Meeting Minutes  
Retreat Held via Zoom  
April 10, 2021  
10:00 AM

Attending: Brandi Kinsman, Yolanda Greaves, Steve Mitchell, Joe Magnani, Rob Scherer, Michael Herbert, and Jenn Ball

Yolanda Greaves opened the meeting at 10:05 AM.

### ***Town Owned Property***

Prior to taking the board through the property list, Michael explained that there is a possible opportunity to acquire the rest of the Fafard Property abutting the Public Safety Building property. The Board would like to explore the property for active recreation and possibly cemetery expansion. Before committing to the use the Board thought an evaluation of the possible uses would be advisable.

The Board discussed the future use for property formerly known as Cadillac Paint. Previously the Board had done a survey and it was clear that the neighborhood wanted a park. The Board agreed to invite Ed Hart to a future meeting to discuss his vision.

They also agreed that in terms of Town properties the priority is to implement the required restrictions. At the next Select Board meeting the Board agreed to appoint a sub-committee that will work to create and implement the required restrictions for 133 West Union Street (Valentine Estate) and 125 Front Street. The sub-committee will coordinate with the Valentine Committee and other members of the community to ensure the restrictions align with CPA requirements and the goals of the community.

The Board also agreed that other projects, such as the Warren Barn reconstruction would have to be put on pause while the priority projects are complete. The Board did discuss the possibility of partnering with Habitat for Humanity at the Sibson Property and utilizing the Girl Scout Property for recreation.

### ***Board and Committee Appointments***

The Board discussed the process to appoint and re-appoint committee members. It was agreed upon that all committees should have terms, rather than being appointed until completion. At the next Select Board meeting the Board will accept the proposed term expirations for the Upper Charles Trail Committee. Additionally, the Board agreed that there is a need to reconstitute the Conservation Restriction Working Group. At the next Select Board meeting the Board will ask the interested members of the public to complete a talent bank form for the vacant positions.

The Board discussed creating a more formal system for non-regulatory committee incumbents to ask to be re-appointed to any board or committee. This could include updating the talent bank form to include a section asking why an incumbent would like to be re-appointed.

The Board also discussed wanting to create a more consistent and formal system to obtain updates from non-regulatory committees. This could include identifying a Select Board member that would serve as a liaison between the committee and Select Board.

At 12:05 PM Yolanda Greaves made a motion to adjourn. This was seconded by Brandi Kinsman. This motion passed unanimously.

Materials Used: Town Owned Property List, CPA Restriction spreadsheet, Conservation Land spreadsheet and List of Committees appointed by Select Board
