Minutes

Meeting opened 7:04

1. Julianne Busa, our Stormwater Management consultant from Fuss and O’Neill was introduced to the group who in turn introduced themselves. Julianne presented a nearly complete draft of the Ashland Stormwater Management Plan by walking through each item in the very comprehensive plan. There were many questions for clarification of various requirements. Julianne indicated that a formal public hearing is not required for acceptance of the plan.

   Among the points she made is that roads are conveyance systems and swales conduction stormwater from the road are outfalls. She recommended that, where possible, waterways should be part of the town’s Green Up Ashland efforts.

2. IDDE Bylaw, passed at Town Meeting now goes to the Attorney General for approval. Maeghan will keep us posted on the status.

3. Upon a motion duly made and seconded, it was voted to adjourn at 9:34 – voted: 3/0/0
