ZONING BOARD OF APPEALS

To whom it may concern,

368 CHESTNUT STREET ,ASHLAND , MA 01721 – APPLICATION –INLAW

After reviewing the application it is my recommendation that the Zoning Board continue the application, until the applicant has the required items, architectural plans for the project, the bylaw stated in the application- the reason for the relief, the square footage of the project on the plans, and a certified plot plan. Other than that the applicant has complied preliminarily in the requirements- by both the Fire Dept, and the Building Department, needed to produce the plan as required.

If you have any further questions please call my office at 508-532-7970.
