RE: 128 Main Street Status Update

Dear Peter:

Thank you for taking the time Tuesday on the phone. To follow up on that call, I am emailing to confirm that the architects do not yet have the revised renderings completed and so Carlos would like to reschedule for the Planning Board's next meeting. He wants to make sure he presents renderings as close to what the Board is looking for as he can.

Thanking you for your time and attention to this matter.

Sincerely,

Philip C. Jack
