If the road is a scenic road we also look at additional factors per the requirements of chapter 249 that trigger a scenic road hearing:

- Does the proposed work include a new driveway?
 - If so, only one driveway per lot on a scenic road
 - If allowed, the driveway cannot be wider than twelve feet
- Does the proposed work include the cutting of a tree with a trunk diameter of eight inches or greater in the public right of way?
- Does the proposed work include the removal of at least ten feet of stone wall two courses high in the public right of way?
